EXPERIENCE

Web Developer
CodeItDz, Birkhadem, Algiers, 02/2024–08/2024

- Implemented UI components with React & Next.js, Bootstrap & Tailwind CSS.
- Understanding client needs and proposing effective solutions, which also involves strategising and planning.
- Developed robust backend APIs using Next.js, MongoDB, and Express.js, ensuring seamless data flow and high performance.
- Hosted multiple projects on a personal server using Docker, ensuring efficient deployment and consistent environments.
